Sterling Hall School

The project team's experience and expertise within the independent private schools sector supports SHS's unique strengths as they embark on the redevelopment of their currently underutilized gym.

Our goal is to help SHS to realize their vision by providing the leadership, innovative strategies and professional skills to achieve their Definition of Success.

We are looking forward to sharing our progress with the Sterling Hall community. The photo of the existing gym captures the beginning.

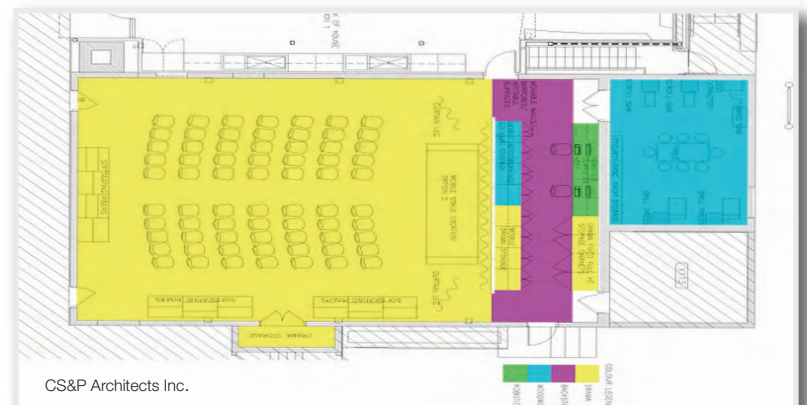

The redevelopment enables SHS to strengthen key areas of their curriculum:

- Drama
- Hands on learning

The work has commenced on-site we are moving forward with implementing the renovation to make the existing gym a more usable, multipurpose, and flexible space to better meet SHS's program goals while complementing the current Health and Physical Education programs.
